CITY OF BENWOOD FIRE SERVICE FEE ORDINANCE
OFFICIAL BALLOT - SPECIAL ELECTION
FIRE SERVICE FEE ORDINANCE
NOVEMBER 4, 2008

Submitted to the electorate of the City of Benwood, West Virginia, a proposed Ordinance enacting a Fire Service Fee. The Ordinance reads in its entirety, as follows:

CITY OF BENWOOD, WEST VIRGINIA
 AN ORDINANCE OF THE CITY OF BENWOOD, WEST VIRGINIA,
 PROVIDING FOR THE IMPOSITION OF A FIRE SERVICE FEE

BE IT THEREFORE ORDAINED BY THE COUNCIL OF THE CITY OF BENWOOD, WEST VIRGINIA:

SECTION I:

Legislative Purpose: The Council of the City of Benwood, West Virginia, recognizes that the Volunteer Fire Department of the City of Benwood provides essential fire protection services for the City of Benwood and its citizens. It is further recognized that the cost for providing these services are increasing resulting in the need to accumulate additional funds for said Volunteer Fire Department to continue to provide these vital services. The citizens of the City of Benwood and the owners of the respective business located in the City of Benwood are the direct beneficiaries of the services provided by the Benwood Volunteer Fire Department as contemplated by West Virginia Code § 8-13-13. As such, it is proper that they bear a portion of the costs for providing said services.

The charges and expenses with respect to each such owner or business shall be set forth in this Ordinance and shall be based and imposed in part on the recognition that:

(a)The use of a building is a factor which affects the cost of providing fire protection services and, accordingly, nonresidential property compared to residential property requires additional equipment and manpower to provide effective fire protection services and, therefore, it is the intent of this article that owners and occupiers of residential buildings pay a lesser fee for fire protection services to reflect the reduced cost of their protection.

SECTION II:

Definitions:

(a)"Residential building or structure" means a building in which sleeping and living accommodations are provided for normal living purposes as outlined in the uniform code for fire protection. This does not include hotels, motels, or other buildings with the primary intention of use for transient lodging.

(b)"Industrial building or structure" is defined as any structure the primary use of which is to manufacture, compound, assemble, process, package or treat raw materials or other products.

(c)"Commercial building or structure" is defined for purposes of this section as any building or structure not meeting the definitions of a residential building or structure or an industrial building or structure. (d)"Mixed use building" means any structure that has a combination of residential and non-residential uses. The predominate usage of the structure shall determine at what rate it is charged. In determining predominate usage, the square footage used for each use shall be the deciding factor.

(e)"Occupied unit" means a part of a residential structure occupied by a person or persons, designed for independent housekeeping and generally having independent utilities and appliances.

SECTION III:

Imposition of Fire Protection Charge: There is hereby imposed upon the owners of all residential buildings or structures in the City a fire protection fee or charge as follows:

(a)There is hereby imposed upon the owners of residential structures located in the City a fire protection fee of Twenty Four Dollars (\$24.00) for each occupied unit in said structure per year.

(b)There is hereby imposed upon the owners of commercial buildings or structures located in the City a fire protection fee in the amount of One Hundred Dollars (\$100.00) per building or structure per year.

(c)There is hereby imposed upon the owners of industrial buildings or structures located in the City a fire protection fee in the amount of Two Hundred Dollars (\$200.00) per building or structure per year.

SECTION IV:

Protest: The owner of any building or structure feeling aggrieved by said charge or fee may protest the same by giving notice to the City Clerk setting forth the reason for said protest within ten (10) days of receiving their bill for said services. Upon receiving a protest, the Fire Service Fee Board shall set time for hearing within thirty (30) days of the filing of said protest. The Fire Service Fee Board shall render its decision based upon the record made at the hearing within a reasonable time not to exceed twenty (20) days. Any ruling given by a Fire Service Fee Board, shall be made in writing and mailed promptly via certified mail to the owner making said protest. The amount of the fee, if any, due the City under such decision shall be payable at the time of the normal fee due dates. Any person aggrieved by such decision, may within thirty (30) days from the date of said decision, file a Petition duly certified with the Circuit Court of Marshall County, West Virginia, requesting review by certiorari; otherwise the decision becomes final and conclusive.

SECTION V:

Fire Service Fee Appeals Board: There shall be established a Fire Service Fee Board consisting of seven (7) members. Each member of the Board shall be appointed for a term of one (1) year. There shall be no prohibition against said members being appointed for more or in excess of one term. The members of the Board shall be appointed by the Council of the City of Benwood, not more than two (2) of which shall be Council members of the City of Benwood. Furthermore, at least two (2) of the members of the Board shall be residents of the City of Benwood who are not employed by said City. The Board shall be tasked with hearing protests of the fire service fee imposed upon the owners of property located within the City of Benwood and with making recommendations to the Council of the City of Benwood regarding all matters concerning the collection, late fees and expenditures of funds collected pursuant to the imposition of this Fire Service Fee.

The full authority and control of all funds expended from the Fire Service Fee account shall rest with the Council of the City of Benwood, West Virginia. These funds are to be used exclusively for the benefit of the Benwood Volunteer Fire Department and its operation of providing fire protection services for the citizens and businesses of the City of Benwood.
